

Dr. Felix Müller — Atmospheric scientist

Max Planck Institute for Meteorology – Hamburg

✉ felix.mueller@mpimet.mpg.de • github.com/felix-mue

Experience

Postdoctoral Researcher <i>Max Planck Institute for Meteorology, with Dr. Franziska Glassmeier</i>	2026–today <i>Hamburg, Germany</i>
Graduate Research and Teaching Assistant <i>Leipzig Institute for Meteorology at Leipzig Uni., with Dr. Matthias Tesche</i>	2020–2026 <i>Leipzig, Germany</i>
Research Assistant <i>Otto von Guericke University, with Julia Lange</i>	2017–2019 <i>Magdeburg, Germany</i>
Intern in Applied Mathematics <i>BCAM: basque center for applied math., with Dr. Elena Akhmatkaya</i>	02–04/2018, 07–10/2017 <i>Bilbao, Spain</i>
Research Assistant <i>Otto von Guericke University, with Dr. Sebastian Sager</i>	2015–2016 <i>Magdeburg, Germany</i>
Research Assistant <i>University of Auckland, with Dr. Andy Philpott</i>	03/2015 <i>Auckland, New Zealand</i>

Education

PhD in Atmospheric Sciences <i>Leipzig Institute for Meteorology at Leipzig University</i>	2026 <i>Leipzig, Germany</i>
Master of Science Mathematics <i>Otto von Guericke University, thesis in collaboration with BCAM, Spain</i>	2019 <i>Magdeburg, Germany</i>
Bachelor of Science Mathematics <i>Otto von Guericke University</i>	2015 <i>Magdeburg, Germany</i>

Teaching

Teaching Assistant <i>Leipzig University, Mathematical Foundations for Meteorologists</i>	winter term 2021, 2024 <i>Leipzig, Germany</i>
Teaching Assistant <i>Otto von Guericke University, preparatory math course for new students</i>	2016, 2015, 2014, 2013 <i>Magdeburg, Germany</i>

Publications

- F. Müller, T. Seelig, M. Tesche (2026), Increased confidence in satellite-derived cloud-evolution properties from combined track-and-type analysis, accepted in: *Meteorologische Zeitschrift*
- F. Müller, T. Seelig, H. Schulz, D. Villanueva, M. Tesche (2025), Tracking individual clouds to assess the fidelity of high-resolution modeling, in *Geophysical Research Letters*, doi: [10.1029/2025GL115648](https://doi.org/10.1029/2025GL115648)
- F. Alexandri, F. Müller, G. Choudhury, P. Achtert, T. Seelig, M. Tesche (2024), A cloud-by-cloud approach for studying Aerosol-Cloud Interaction in satellite observations, in *Atmospheric Measurement Techniques*, doi: [10.5194/amt-17-1739-2024](https://doi.org/10.5194/amt-17-1739-2024)
- T. Seelig, F. Müller, M. Tesche (2023), Do Optically Denser Trade-Wind Cumuli Live Longer?, in *Geophysical Research Letters*, doi: [10.1029/2023GL103339](https://doi.org/10.1029/2023GL103339)

Scientific Presentations

km-scale Global Modelling Summit, <i>Hamburg, Germany</i> , poster presentation	2026
EGU General Assembly, <i>Vienna, Austria</i> , poster presentation	2025
ICCP, <i>Seogwipo, South Korea</i> , poster presentation and talk	2024
EGU General Assembly, <i>Vienna, Austria</i> , talk	2024
EUMETSAT Conference, <i>Malmö, Sweden</i> , poster presentation	2023
EGU General Assembly, <i>Vienna, Austria</i> , poster presentation	2023
Cloud Tracking Workshop, <i>Oxford, UK</i> , talk	2023
AMS Collective Madison Meeting, <i>Madison, USA</i> , poster presentation	2022
EGU General Assembly, <i>Vienna, Austria</i> , talk	2022
D-A-CH conference, <i>Leipzig, Germany</i> , poster presentation	2022

Community Involvement

session convener “Challenges for LGBTQIA+ geoscientists”	2025, 2024
<i>short course on inclusivity in the Geosciences community</i>	<i>EGU General Assembly</i>
